

Articles Published in Academic Journals, Conference Volumes,

“Strategies for Conducting Monetary Policy: A Critical Appraisal,” Chapter 8 in *Oxford Handbook of the Economics of Central Banking* edited by David Mayes, Pierre L. Siklos and Jan-Egbert Sturm, Oxford University Press, Oxford England (forthcoming, 2018).

“Resolving the Unbiasedness and Forward Premium Puzzles, *Scottish Journal of Political Economy*, forthcoming

“Greenspan’s Conundrum and the Fed’s Ability to Affect Long-Term Yields,” *Journal of Money, Credit, and Banking*, forthcoming.

“Monetary Policy Mischief and the Credit Trap,” *Cato Journal*, 37(2), 2017, 263-85.

“The Effectiveness of QE: An Assessment of the Event-Study Evidence,” *Journal of Macroeconomics*, June 2017, 52, 56-74

“Understanding the Predictability of Excess Returns,” *Credit and Capital Markets*, 49(4) 2016, 485-505.

“Guest Editor’s Introduction: What Monetary Policy Can and Cannot Do,” *Journal of Macroeconomics*, March 2016, 47, Part A, 1-4.

“Requiem for QE,” *Policy Analysis*, November 17, 2015, Number 783, Cato Institute.

“Monetary Policy: Why Money Matters, and Interest Rates Don’t,” *Journal of Macroeconomics*, June 2014, 40, 202-13.

“The Federal Reserve’s Response to the Financial Crisis: What It Did and What It Should Have Done,” *Developments in Macro-Finance Yield Curve Modelling*, Jagjit S. Chadha, Alain C.J. Durre, Michael A. S. Joyce, and Lucio Sarno, Cambridge University Press, 2014, 90-120.

“The Effect of Underreporting on LIBOR Rates,” with Andrea Monticini, *Journal of Macroeconomics*, 37, September 2013, 345-48.

“The Identification of the Response of Interest Rates to Monetary Policy Actions Using Market-Based Measures of Monetary Policy Shocks,” *Oxford Economic Papers*, 2014, 66(1), 67-87.

“Out-of-Sample Predictions of Bond Excess Returns with Forward Rates: An Asset-Allocation Perspective” with Giorgio Valente, *Review of Financial Studies*, October 2012, 25(10), 3141-3168.

“The Phillips Curve and US Monetary Policy: What the FOMC Transcripts Tell Us” with Ellen E. Meade, *Oxford Economic Papers*, April 2012, 64(2), 197-216.

“How Did We Get to Inflation Targeting and Where Do We Go Now? A Perspective From the U.S. Experience,” in David Cobham, Øyvind Eitrheim, Stefan Gerlach and Jan Qvigstad, eds., *Twenty Years of Inflation Targeting: Lessons Learned and Future Prospects*, Cambridge University Press, 2010, 90-110.

“The Expectation Hypothesis of the Term Structure of Very Short-Term Rates: Statistical Tests and Economic Value” with Pasquale Della Corte and Lucio Sarno, *Journal of Financial Economics*, July 2008, 89(1), 158-74.

“What’s Unique About the Federal Funds Rate? Evidence from the Spectral Perspective,” with Lucio Sarno and Yi Wen, *Oxford Bulletin of Economics and Statistics*, April 2007, 69(2), 293-319.

“The Empirical Failure of the Expectations Hypothesis of the Term Structure of Bond Yields,” with Lucio Sarno and Giorgio Valente, *Journal of Financial and Quantitative Analysis*, March 2007, 42(1), 81-100.

“Open Market Operations and the Federal Funds Rate,” in D.G. Mayes and J. Toporowski, eds., *Open Market Operations and Financial Markets*. Abingdon and New York: Routledge, 2007, 178-202.

“When Did the FOMC Begin Targeting the Federal Funds Rate? What the Verbatim Transcripts Tell Us,” *Journal of Money, Credit and Banking*, December 2006, 38(8), 2039-71.

“Tests of the Expectations Hypothesis: Resolving the Campbell-Shiller Paradox,” *Journal of Money, Credit and Banking*, March 2006, 38(2), 511-42.

“Tests of the Expectations Hypothesis: Resolving the Anomalies when the Short-Term Rate is the Federal Funds Rate,” *Journal of Banking and Finance*, October 2005, 29(10), 2541-56.

“Federal Funds Rate Prediction,” with Lucio Sarno and Giorgio Valente, *Journal of Money, Credit and Banking*, June 2005, 37(3), 449-71.

“A Note On The Expectations Hypothesis At The Founding Of The Fed,” with Clemens J. M. Kool, *Journal of Banking and Finance*, December 2004, 28(12), 3055-68.

“Forecasting the Treasury’s Balance at the Fed,” *Journal of Forecasting*, August 2004, 23(5), 357-71.

- “Testing the Expectations Hypothesis: Some New Evidence for Japan,” Bank of Japan *Monetary and Economic Studies*, May 2004, 22(2), 45-69.
- “The Fed and Short-term Interest Rates: Is It Open Market Operations, Open Mouth or Interest Rate Smoothing,” *Journal of Banking and Finance*, March 2004, 28(3), 475-98.
- “Monetary Policy Transparency: Transparent About What?” *The Manchester School*, September 2003, 71(5), 478-97.
- “The Dynamic Relationship Between the Federal Funds Rate and the Treasury Bill Rate: An Empirical Investigation,” with Lucio Sarno, *Journal of Banking and Finance*, June 2003, 27(6), 1079-110.
- “The Federal Reserve’s Operating Procedure, Nonborrowed Reserves, Borrowed Reserves and the Liquidity Effect,” *Journal of Banking and Finance*, September 2001, 25(9), 1717-39.
- “Lifting the Veil of Secrecy from Monetary Policy: Evidence from the Fed’s Early Discount Rate Policy,” *Journal of Money, Credit and Banking*, May 2000, 32(2), 155-67.
- “The Information Content of Discount Rate Announcements: What is Behind the Announcement Effect?” *Journal of Banking and Finance*, January 1998, 22(1), 83-108.
- “The Information Content of the Federal Funds Rate: Is It Unique?” with Michelle R. Garfinkel, *Journal of Money, Credit and Banking*, August 1995, 27(3), 838-47.
- “Why Do T-Bill Rates React to Discount Rate Changes?” *Journal of Money, Credit and Banking*, November 1994, 26(4), 839-50.
- “Comments on Federal Reserve Operating Procedures and Institutional Change,” in Marvin S. Goodfriend and David H. Small, eds., *Operating Procedures and the Conduct of Monetary Policy Conference Proceedings*, Financial and Economics Discussion Series, Working Studies No.1 Part 2, March 1993.
- “Why Do Market Interest Rates Respond to Money Announcements?” *Journal of International Financial Markets, Institutions and Money*, 1991, 1(1), 33-60.
- “Financial Innovation Causes and Consequences,” with Courtenay C. Stone, in Kevin Dowd and Mervyn K. Lewis, eds., *Current Issues in Monetary Analysis and Policy*, MacMillan Publishers, 1991.
- “Modeling the Demand for Money in Large Industrial Countries Buffer Stock and Error Correction Approaches: A Discussion” *Journal of Policy Modeling*, Summer 1990, 463-67.

- “The Effect of Unanticipated Money on the Money and Foreign Exchange Markets,” *Journal of International Money and Finance*, December 1989, 8(4), 573-87.
- “On the Informational Content of Spot and Forward Exchange Rates,” with K. Alec Chrystal, *Journal of International Money and Finance*, September 1988, 7(3), 321-30.
- “A Note on the Efficiency of the Cochrane-Orcutt Estimator of the AR(1) Regression Model,” *Journal of Econometrics*, November 1987, 36(3), 369-76.
- “Price Expectations and the Demand for Money: A Comment,” with R.W. Hafer, *The Review of Economics and Statistics*, August 1986, 68(3), 539-42.
- “Monetary Anticipations and the Demand for Money: Reply,” with Jack Carr and Michael R. Darby, *Journal of Monetary Economics*, September 1985, 16(2), 251-57.
- “A Note on Almon’s Endpoint Constraints,” with Dallas S. Batten, *Communications in Statistics: Simulation and Computation*, 1985, 683-90.
- “The Andersen-Jordan Equation, Revisited,” with Dallas S. Batten, *Journal of Macroeconomics*, Summer 1985, 7(3), 419-32.
- “On the Appropriate Interest Rate and Scale Variable in Money Demand: Results From Non-Nested Tests,” *Applied Economics*, August 1985, 735-44.
- “Lag Length Selection and Tests of Granger Causality Between Money and Income,” with Dallas S. Batten, *Journal of Money, Credit and Banking*, May 1985, 17(2), 164-78.
- “Discount Rate Changes and the Foreign Exchange Market,” with Dallas S. Batten, *Journal of International Money and Finance*, December 1984, 3(3), 279-92.
- “The Government Budget Constraint with Endogenous Money,” *Journal of Macroeconomics*, Winter 1984, 6(1), 57-67.
- “Bank Money, Net Wealth and the Real-Balance Effect,” *Journal of Macroeconomics*, Winter 1983, 5(1), 105-17.
- “The Long-Run and Short-Run Demand for Money: Additional Evidence,” *Journal of Macroeconomics*, Summer 1982, 4(3), 325-38.
- “Maximum Likelihood Estimates of a Partial Adjustment-Adaptive Expectations Model of the Demand for Money,” *The Review of Economics and Statistics*, May 1982, 64(2), 325-29.

“Bank Money as Net Wealth: A Comment,” *Atlantic Economic Journal*, December 1981, 9(4), 43-45.

“The Empirical Significance of the Real Balance Effect,” with Paul E. Smith, *Journal of Macroeconomics*, Summer 1980, 2(3), 213-32.

“In-Service Education and its Effects on Secondary Students: A New Approach,” with George M. Vredevelde, *Journal of Economic Education*, Spring 1977, 8(2), 93-99.

Articles Published by the Federal Reserve Bank of St. Louis “Review”

“How Effective Is Central Bank Forward Guidance,” with Clemens J.M. Kool, Federal Reserve Bank of St. Louis *Review*, Fourth Quarter 2015, 303-322.

“Making Sense of Dissents: A History of FOMC Dissents,” with David C. Wheelock, Reserve Bank of St. Louis *Review*, Third Quarter 2014, 96(3), 213-227.

“QE: Is There a Portfolio Balance Effect?” Reserve Bank of St. Louis *Review*, First Quarter 2014, 91(1), 55-72.

“The U.S. Deficit/Debt Problem: A Longer-Run Perspective,” Reserve Bank of St. Louis *Review*, November/December 2012, 94(6), 441-456.

“The Dual Mandate: Has the Fed Changed Its Objective?” Reserve Bank of St. Louis *Review*, March/April 2012, 94(2), 117-134.

“How Did We Get to Inflation Targeting and Where Do We Need to Go to Now? A Perspective from the U.S. Experience,” Reserve Bank of St. Louis *Review*, January/February 2012, 94(1), 65-82.

“How Good Are the Governments Deficit and Debt Projections and Should We Care?” with Kevin. L. Kliesen, Reserve Bank of St. Louis *Review*, January/February 2012, 94(1), 21-40.

“The Effectiveness of Unconventional Monetary Policy: The Term Auction Facility,” Reserve Bank of St. Louis *Review*, November/December 2011, 93(6), 439-454.

“The Relationship Between the Daily and Policy-Relevant Liquidity Effects,” Federal Reserve Bank of St. Louis *Review*, January/February 2010, 91(2), 73-87.

“The Fed, Liquidity, and Credit Allocation,” Federal Reserve Bank of St. Louis *Review*, January/February 2009, 91(1), 13-21.

“A Primer on the Mortgage Market and Mortgage Finance” with Daniel J. McDonald, Federal Reserve Bank of St. Louis *Review*, January/February 2008, 90(1), 31-45.

“Open Market Operations and the Federal Funds Rate,” Federal Reserve Bank of St. Louis *Review*, November/December 2007, 89(6), 549-70. Also printed in D.G. Mayes and J. Toporowski, eds., *Open Market Operations and Financial Markets*, Routledge International Studies in Money and Banking, London, 2007, 178-202.

“The Lower and Upper Bounds of the Federal Open Market Committee’s Long-Run Inflation Objective,” Federal Reserve Bank of St. Louis *Review*, May/June 2007, 89(3), 183-93.

“Testing the Expectations Hypothesis: Some New Evidence for Japan,” Federal Reserve Bank of St. Louis *Review*, September/October 2004, 86(5), 21-39.

“The Efficient Market Hypothesis and Identification in Structural VARs,” with Lucio Sarno, Federal Reserve Bank of St. Louis *Review*, January/February 2004, 86(1), 49-60.

“The FOMC’s Balance of Risks Statement and Market Expectations of Policy Actions,” with Robert H. Rasche, Federal Reserve Bank of St. Louis *Review*, September/October 2002, 84(5), 37-50.

“Market Anticipations of Monetary Policy Actions,” with William Poole and Robert H. Rasche, Federal Reserve Bank of St. Louis *Review*, July/August 2002, 84(4), 65-94.

“Identifying the Liquidity Effect at the Daily Frequency,” Federal Reserve Bank of St. Louis *Review*, July/August 2001, 83(4), 59-82.

“The Expected Federal Budget Surplus: How Much Confidence Should the Public and Policymakers Place in the Projections?” with Kevin L. Kliesen, Federal Reserve Bank of St. Louis *Review*, March/April 2001, 83(2), 11-24.

“A History of the Asymmetric Policy Directive,” with David C. Wheelock, Federal Reserve Bank of St. Louis *Review*, September/October 2000, 82(5), 1-16.

“Money in a Theory of Exchange,” Federal Reserve Bank of St. Louis *Review*, January/February 2000, 82(1), 35-62.

“Tests of the Market’s Reaction to Federal Funds Rate Target Changes,” Federal Reserve Bank of St. Louis *Review*, November/December 1998, 80(6), 25-36.

“Using the Federal Funds Futures Market to Predict Federal Reserve Actions,” with John C. Robertson, Federal Reserve Bank of St. Louis *Review*, November/December 1997, 79(6), 45-53.

“Does the Fed’s New Policy of Immediate Decisions Affect the Market?” Federal Reserve Bank of St. Louis *Review*, November/December 1996, 78(6), 77-88.

“The Costs and Benefits of Price Stability: An Assessment of Howitt’s Rule,” Federal Reserve Bank of St. Louis *Review*, March/April 1996, 78(2), 23-38.

“Is There a Case for ‘Moderate’ Inflation?” with Alvin L. Marty, Federal Reserve Bank of St. Louis *Review*, July/August 1995, 77(4), 27-37.

“Financial Innovation and Deregulation and the ‘Credit View’ of Monetary Policy,” Federal Reserve Bank of St. Louis *Review*, January/February 1994, 76(1), 31-49.

“An Extended Series of Divisia Monetary Aggregates,” with Piyu Yue, Federal Reserve Bank of St. Louis *Review*, November/December 1992, 74(6), 35-52.

“Targeting M2: The Issue of Monetary Control,” Federal Reserve Bank of St. Louis *Review*, July/August 1992, 74(4), 23-35.

“Alternative Measures of the Monetary Base: What Are the Differences and Are They Important?” with Michelle R. Garfinkel, Federal Reserve Bank of St. Louis *Review*, November/December 1991, 73(6), 19-35.

“The Multiplier Approach to the Money Supply Process: A Precautionary Note,” with Michelle R. Garfinkel, Federal Reserve Bank of St. Louis *Review*, July/August 1991, 73(4), 47-64.

“A Primer on Cointegration with an Application to Money and Income,” with David A. Dickey and Dennis W. Jansen, Federal Reserve Bank of St. Louis *Review*, March/April 1991, 73(4), 58-78. Reprinted in B. Bhaskara Rao, ed., *Cointegration for the Applied Economist*, St. Martin’s Press, 1994; and Omar F. Hamouda, ed., *Foundations of Probability, Econometrics and Economic Games*, Edward Elgar, 1996.

“Do Government Deficits Matter?” Federal Reserve Bank of St. Louis *Review*, September/October 1990, 72(5), 25-39.

“The Link Between M1 and the Monetary Base in the 1980s,” with Michelle R. Garfinkel, Federal Reserve Bank of St. Louis *Review*, September/October 1989, 71(5), 35-52.

“Tests of Covered Interest Rate Parity,” Federal Reserve Bank of St. Louis *Review*, July/August 1989, 71(4), 55-66.
